Another Hidalgo County resident dies from COVID-19 complications; 100 more test positive

EDINBURG – Another person has died from complications related to COVID-19, Hidalgo County Judge Richard F. Cortez said Thursday. The death comes as 100 other residents learned they have tested positive for the virus bringing the total number of known cases to 1,447.

The death involved an Edinburg man in his 60s with underlying medical conditions.

"A total of 20 of our neighbors have now died from complications of this disease," Judge Cortez said. "I encourage us all to band together to fight this virus by employing all the recommended measures that work -- especially avoiding crowds. My deepest condolences go out to the family and friends of this person."

A total of 99 people are now in area hospitals with complications from the virus; 10 of those cases are being treated in intensive care units. Thirty-six people were released from isolation on Wednesday meaning that they have been symptom-free for 10 days, including three days without a fever. There are currently 796 net active cases and 1,428 test results are pending.
